

Student Placement Each student will take a placement test and students will be placed in classes where the greatest success can be realized. Classes are balanced by the administration on many factors such as maturation, individual differences and personality.

Bible Truth Ministries Academy reserves the right to withhold school records, transcripts, and graduation privileges until an account is paid in full. Students entering the last half of a month are responsible for half payments. If a student enters BTMA after school begins, tuition is divided by number of months left and is payable each month starting with the month in which the student entered through May. At the end of the school year, the school tuition account must also be paid in full to begin the Summer Program.
